

WATER MANAGEMENT

PUMPS & WELLS

Maintenance & Repairs

Go With an Expert

Floralawn's specialty is troubleshooting, servicing, and maintaining today's advanced pump systems. Since 1958, we have been the "go-to" pump and irrigation company in Central Florida. Having over 53 years of experience under our belts, we enjoy the relationships built by not only providing expert service, but being a source of knowledge for our customers in a time of need. From jet and centrifugal pumps to submersible pumps and motors, whether its a total system failure or just a routine maintenance visit, Floralawn has you covered.

Installation & Solutions

Residential, Commercial, & Industrial

With current ordinances, restrictions, and laws, drilling a well in today's time takes an expert. We've installed hundreds of wells in the residential, commercial, & industrial markets helping Floridians achieve superior water quality and saving them money. Ask us about the latest technology to help you save money and get the long-term solution that you're seeking.

IRRIGATION

Maintenance & Installation

Water is Money and Every Drop Counts

Irrigation is much more than fixing sprinklers; it's managing a limited resource in Florida. Water plays the most vital role in the overall appearance and health of plantings on your property. Making sure enough water is being applied is just as crucial as making sure you aren't running money down the drain. The experts at Floralawn understand that your irrigation system is the main artery that feeds the living, breathing organism known as your landscape.
